2) Paddlers against cancer, 14-16 members, no gender specification, maximum 4 differently-abled or healthy people

Sports and Fun for Mixed-Teams: The overall results 2022 are relevant for the classification of Sports and Fun in 2023. Ranking 1-19 of 2022 start as Sports, ranking 19-38 as Fun. Does a team from 2022 not register in 2023 the following teams will not rank to a higher position. Teams that register in 2023 for the first time or after pause again will automatically be registered as Sports. Teams not finishing the race in 2022 or counted out of competition take the class Sports.

On request any team can be classified into Fun. This request needs to be sufficient justified. The organizer deals in detail with the request and prepares a recommendation for the team captains who decide finally.

Requests can be submitted in writing by 08/31/2023.

Fun teams can also request to be classified into Sports. The request can be submitted in writing by 08/31/2023.

Members:

Gender of drummers and helmsmen is independent from the team.

Paddlers and drummers need to have attained the age of 14 in 2023, helmsmen the age of 18 on the day of the event.

Distance:

Mixed about 11 km with 3 turning points

Paddlers against all cancers about 2000 m with one turning point

Characteristics:

River Saar is a route of inland navigation, class Vb/0, the concerned rules have to be respected.

The name of the class Fun does not mean that this is a beginner team. The distinction is based on the level of performance.

In the selection of the helmsman it needs a special attention to their experience, to their fitness and technical ability. This is a challenging course.

All Teams have to take care themselves to be at their start position on time. Therefore, boats can be delivered and touched down on water from 10:00 am

onwards on the day of the event. Deliveries already on Friday are possible after arrangement.

All Teams have to take care of their numbers themselves. The final order will be announced on 09/29/2023. If a team singles off after that date its start position remains free. The field does not move up. Teams from the waiting list are lined up at the rear then.

The start order is watched, in case of gross disrespect (exceed the imaginary start line or not being at the start position right at the starting shot) the concerned Team will get a penalty. Every alignment contains four Teams, all classes start together, Paddlers against cancer at the end of the field.

The drummers and helmsmen have to wear life jackets. These are not provided by the organizer. In case of disrespect the concerned Team will get a penalty.

In principle the choice of the waterway is free but at critical locations there is an absolute right driving. In case of disrespect the concerned Team will get a penalty. These critical locations will be named during the team captains meeting.

Despite mass start there is an individual time measurement.

Registration:

Registration only online via www.monkey-jumble.de.

Registration order is start order. First come, first served.

The starting field is limited to 40 starting places for mixed teams. When this amount is reached registration is still possible. The registering team is set into a waiting list. The order of the waiting list depends on the order of registration as well. If a team of the first 40 quits the first team of the waiting list moves up.

Registration start:

Registration Form online from 08/01/2023 10:00 pm via www.monkey-jumble.de
